What should I do if I have a problem with Date-O-Rama?

1. Don't panic!
2. Check the "about" files. There may be something relevant.
3. Contact Aaron at Aaron.Solomon.Adelman@gmail.com. Aaron wants Date-O-Rama to be a good and useful program and for its users to be happy. If there is something which needs to be added to the "about" files, he wants to know so he can add it. If there is a bug, he wants to know so he can fix it.
